

**Activities Accredited as Training Activities for Trainees in Administrative Medicine**  
**Hong Kong College of Community Medicine**  
(As at 27 Mar 10)

Activities accredited as Training Activities for Trainees in Administrative Medicine (AM) by the AM Subspecialty Board are listed below. Trainees can also get credit points by attending Formal College Approved Post-graduate Meetings (FCAPM) listed in another section under "CME" of this website.

During the period of higher specialist training, the trainee is expected to accumulate a minimum of 100 credit points over a three year period, with an annual target of at least 33 credit points.

The Council has endorsed the document on "Streamlining of CME Points for Fellows and Trainees" (document available under "Resolutions of Education Committee meeting held on 11 Aug 03" under "Members Area" in this website). With effect from July 03, each hour of attendance in AM review meetings, i.e. Journal Club/ Grand Round Meetings, continues to lead to 1 credit point but trainees should only count the points in excess of minimum requirement.

**A. Activities accredited for all trainees**
