INSTRUCTS YOU TO BEGIN**

Questions 1-3 refer to paper in BMJ March 14 by Phyo K Myint [attached].

1. Discuss the following terms including how they were used in this study:
 - a) Case ascertainment
 - b) Hospital record linkage
 - c) Objective biomarker

(20%)

2. The Chief Executive has heard of this study on the media and asks you to come to the Board to explain the key findings. Write a brief which highlights key findings and potential implications for the healthcare system.

(40%)

3. A local community group invites you to discuss stroke and its prevention. What advice would you give to put the results of this study into action? What other information about stroke would you include in your community talk?

(40%)
